

What is Outplacement?

Outplacement is the process in which employees are placed in training or alternate positions once they have been separated from a job.

When is Outplacement Needed?

Outplacement services assist companies in times of need including:

- Downsizing
- Mergers & Acquisitions
- "Right-Sizing"
- To Provide Career Assistance to Valuable Employees

Who Uses Outplacement?

Companies across many industries use outplacement services to assist employees in the following positions:

- Industrial
- Technical
- Clerical
- Professional

At What Level of the Organization is Outplacement Used?

Outplacement services assist employees at all levels of the organization, from entry level production workers to executive level management.

QPS' Program Benefits Your Company by Providing:

Cost Savings...

QPS works with you to identify a program that reduces post-separation costs while matching your budget. Our solutions lead to accelerated transition timetables.

Lowered Liability...

QPS helps limit your liability, providing transition solutions that address legal and financial employment concerns.

Enhanced Morale...

QPS ensures that individuals who have been a loyal and trusted part of your team are treated appropriately and respectfully. We help boost the morale of your workforce and improve loyalty.

Expertise...

QPS is the largest independently owned staffing service in Wisconsin. Our network is built upon thousands of company and community partnerships to provide the service your employees deserve.

Offering Companies Support With:

- Planning
- Communication
- Outplacement/Transition Support

Helping Employees Transition:

- Assessment
- Strategic Planning
- Administrative Assistance
- Training
- Coaching

Partner with QPS Companies to provide premier career transition services to your employees. We provide the assistance, support, and guidance needed in the next step.
