FOR IMMEDIATE RELEASE:

## **QPS Supports National Safety Month!**

Appleton, Wis. (June 12, 2008) – QPS Companies, a local staffing and recruiting firm, would like to remind you that June is National Safety Month! In support of the National Safety Council's initiative, QPS developed a program to raise awareness about safety in the workplace.

QPS' Human Resources Department developed a program called "Hands Together for Safety" and put paper cut-outs of hands in every QPS office. The children of QPS' associate employees and internal staff can color the hands, which will be displayed in each of QPS' 20 office locations.

Every child who participates will receive a Certificate of Appreciation, signed by Scott A. Mayer, QPS' President and CEO. QPS is continuing to develop ways to reach out to staff and community regarding the importance of workplace safety.

**About:** QPS was founded in 1985 and has grown from a two-person operation to a company whose internal staff now numbers over 200 employees in twenty office locations throughout Wisconsin and Illinois. QPS has experienced substantial growth over the last twenty years. We currently employ more than 4,000 associate employees weekly and work with over 1,000 companies in Wisconsin and Illinois. QPS has earned a reputation for responding to both employees and customers, finding optimal employment for applicants and taking initiative to resolve customers' staffing needs.
