FOR IMMEDIATE RELEASE:

## **QPS Announces New Safety Initiative**

**Brookfield, Wis. (April 7, 2009)** – QPS Companies, a local staffing and recruiting firm, has announced its partnership with RCS Services, a risk management consulting firm specializing in working with staffing firms.

The program's goal is to help QPS achieve a number of results, including lower workers' compensation costs, sending out better employees to a safer work environment and most importantly, sending each employee home from work safely every day. The RCS program is the staffing industry's textbook on managing workers' compensation risks. RCS has worked with over 900 staffing firms and is endorsed by The American Staffing Association.

QPS is working to bring safety awareness to the companies we work with. By having more thorough tours, our recruiters can choose the most qualified individual. QPS gets involved with our client's safety program and can provide ideas for safety incentives through contact and communication. As part of the program, QPS makes a point to contact every employee working through QPS, no matter the assignment every week.

"Safety is something that we take very seriously and are always looking for new ways to improve upon," states Steve Waller, Regional Vice President for QPS. "We want to ensure that we are sending our candidates to safe working environments and making sure that we are sending the best available candidates to our client companies."

**About:** QPS was founded in 1985 and has grown from a two-person operation to a company whose internal staff now numbers 200 employees in twenty one office locations throughout Wisconsin and Illinois. QPS has experienced substantial growth over the last twenty years. We currently employ more than 4,000 associate employees weekly and work with over 1,000 companies in Wisconsin and Illinois. QPS has earned a reputation for responding to both employees and customers, finding optimal employment for applicants and taking initiative to resolve customers' staffing needs.
